

# The Day Before You Came

**Was doing quite well thank you  
On the day before you came  
But from then on quite frankly  
Life has never been the same**

**Not looking for a partner  
I was happy on my own  
Quite settled in my routine  
And enjoying time alone**

**Rosie Philomena**

**But God knew what was missing  
At that time I couldn't see  
I needed a companion  
Who would share their life with me**
